TEN (PLUS FIVE) AMAZING VIDEOS RELEASED IN JUNE 2018

JUNE 28, 2018LAMUSICCRITIC@GMAIL.COMLEAVE A COMMENT

Now that we've published our Ten Great Singles for June, it's time to likewise do our Ten Amazing Videos. We've included a bonus five videos since we were unable to feature any of them this month due to our other commitments. Enjoy these videos.

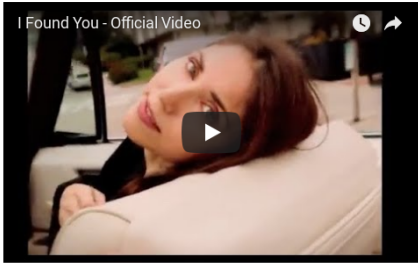

Our first video is the latest from [Stone Stanley](#). We love the down-home flavor of "Bitter End" and think you will too. They recently released their latest album, *The Mudstomp Tapes*, and we will be reviewing it shortly. In the meantime, check out the video.

Next up is the latest from DIY queen [Shannon Hurley](#) for her single, "I Found You." The video is a shot for shot reshoot of Belinda Carlisle's amazing video for her song "Mad About You." Carlisle loved this video, and we think you will too.

Our third video is from one of LA's finest indie artists, [Cindy Alexander](#). She recorded "My Favorite Artist" with the assistance of Blue Élan Records labelmate Rusty Young, and debuted it at the LA Music Critic Awards Winners Showcase on June 19. Here is her vision of the song.

Our next video is from the amazing international band [Straw](#) for their song, "On My Mind." It is visually stunning, and this beautiful ballad will stay on your mind long after the final note.

Our fifth video is "Certainties," the latest from [Aaron Ball](#). He packs his Southern Country Rock sound into this magnificent video, which is sure to get your toes a tapping. Enjoy.

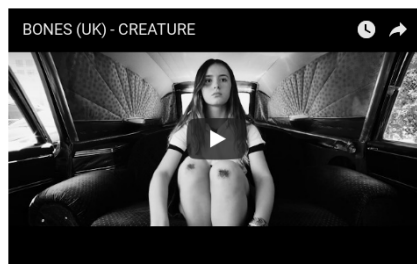

Music video number six comes from [Adam Masterson](#), who sounds a lot like Bruce Springsteen. The song is "Runaway" from his recently released new album *Delayed Fuse*.

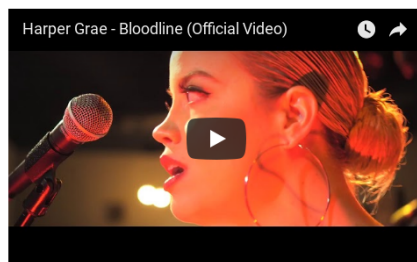

Next up is the animated video for "Jettisoned" by [KOYO](#). This one is different, and we like it.

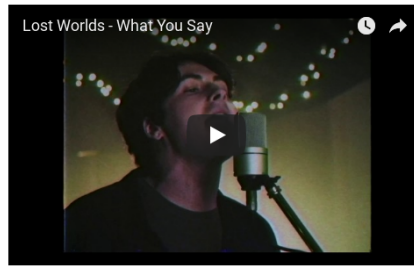

Our eighth video is from [BONES UK](#) for their rocking song, "Creature." This rocking song will fire you up and get you ready for the weekend.

Next up is country darling [Harper Grae](#) with her latest, "Bloodline." We love the rocking country beat that reminds us of Lady Antebellum. This one is a keeper.

Our tenth video is a rocking one from [Lost Worlds](#) for their song "What You Say." We love the indie rock sound of this band, and the video is a lot of fun as well.

Our first bonus video is "Heaven's Deep Blue Sky" from Swedish retro rocker [Leo Spauls](#) and features Mike Garson. It might be a bit disturbing visually, but the song is amazing. Let us know what you think.

Bonus track number two will take you back to the 70's, both in its visual representations but also in its sound. Kick off your shoes, sit back and relax to "Secret Admirer" from [Barbudo](#).

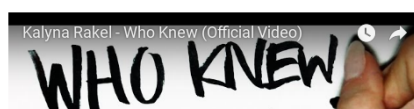

Our third bonus track will take you forward in time about a decade and is very reminiscent of Whitney Houston and Deniece Williams. Give it up for [Sheila and the Kit](#) on their song "Time Again."

Bonus track number four is from Australian [Nicky Rogalsky](#), and we are developing an "Obsession" for her amazing look and sound. This one belongs on American radio. Enjoy the incredible vocals.

Our final video this month is a lyric video courtesy of [Kalyna Rakel](#) for her song, "Who Knew." It is fun and the horns and vocals will make you come back time and time again to this delightful song. See you next month.
